PROFESSIONAL SUMMARY

Computer Science Engineering student specializing in AI & ML with hands-on experience in full-stack application development, REST APIs, and machine learning solutions. Skilled in Java, Python, SQL, FastAPI, and React with experience building scalable web applications and intelligent systems. Passionate about software engineering, problem solving, and developing real-world technology solutions.

EDUCATION

B.E. Computer Science and Engineering (AI & ML) Honours in Cybersecurity and Data Privacy (Pursuing) Rathinam Technical Campus, Coimbatore	2023 – 2027 CGPA: 8.72
HSC National Model Matriculation Higher Secondary School 83%	2021 – 2023 Coimbatore
SSLC St. Joseph's Matriculation Higher Secondary School 100%	2019 – 2021 Coimbatore

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL
Web & Backend Development: FastAPI, REST APIs, React, Full Stack Development, Spring Boot
Database Technologies: SQL, MongoDB
Software Engineering: Object-Oriented Programming (OOP), Data Structures & Algorithms, Git/GitHub
Machine Learning & AI: Machine Learning, Deep Learning, CNNs, NLP Basics
Cloud & Tools: AWS (EC2, S3, Lambda), Streamlit, Eclipse IDE, Jupyter Notebook
Testing & Automation: Selenium WebDriver, XPath, CSS Selectors, Test Automation Basics

PROJECTS

Cura AI – Smart Complaint Management System (RAG + LLM) 🔗

- Built a full-stack complaint management application using React and FastAPI
- Developed REST APIs for complaint tracking, prioritization, and resolution workflows
- Integrated Twilio API for real-time notifications and implemented AI-based complaint analysis

Used Car Price Prediction (Machine Learning)

- Developed a machine learning model for predicting used car prices using regression techniques
- Performed data preprocessing, feature engineering, and outlier handling for improved model performance
- Deployed the trained model using Streamlit for interactive real-time predictions

PizzaBot – Dialogflow Chatbot (NLP + Conversational AI)

- Designed a conversational chatbot using Google Dialogflow for automated pizza ordering workflows
- Implemented intents, entities, and conversational flows for smooth user interaction
- Integrated basic NLP concepts for intent recognition and response handling

INTERNSHIP

AI & Machine Learning Intern NoviTech R&D Private Limited Worked on AI/ML development and real-world workflows	Coimbatore
--	------------

CERTIFICATIONS

- Oracle Cloud Infrastructure Gen AI Professional
- Google Cybersecurity Professional
- AWS Machine Learning Foundations
- AWS Machine Learning for NLP

LANGUAGE

- English
- Tamil (Native)
